

Bathroom Remodel Checklist

1. Budget:

- Determine your total budget for the project.
- Allocate funds for various aspects, including fixtures, materials, labor, and permits.

2. Design and Style:

- Identify your desired bathroom style (e.g., modern, traditional, minimalist).
- Consider the overall aesthetic of your home.
- Gather inspiration from magazines, websites, and Pinterest.

3. Layout and Functionality:

- Assess the current layout and identify areas for improvement.
- Consider factors like storage needs, accessibility, and overall comfort.

4. Fixtures:

- Choose fixtures that align with your style and budget.
- Consider factors like size, material, and functionality (e.g., toilets, sinks, bathtubs, showers).

5. Cabinets and Countertops:

- Select cabinetry that complements your bathroom style.
- Choose countertop materials (e.g., granite, quartz, marble) based on durability and aesthetics.

6. Tile and Flooring:

- Select tile and flooring options that are durable, moisture-resistant, and aesthetically pleasing.
- Consider factors like size, color, and pattern.

7. Lighting:

- Plan for adequate lighting, including overhead lighting, vanity lighting, and accent lighting.
- Consider the placement of fixtures to create a well-lit and inviting space.

8. Plumbing:

- Plan for any plumbing upgrades or modifications needed for the new fixtures.
- Consider factors like water efficiency and accessibility.

9. Ventilation:

- Ensure proper ventilation to prevent moisture buildup and mold.
- Consider installing exhaust fans or windows for ventilation.

10. Accessibility:

- If needed, plan for accessibility features like grab bars, walk-in showers, and wider doorways.

11. Storage:

- Assess your storage needs and plan for adequate storage solutions (e.g., cabinets, shelves, linen closets).

12. Contractor Selection:

- Research and interview potential contractors to find one that is experienced, reputable, and licensed.
- Get quotes from multiple contractors for comparison.

13. Permits and Approvals:

- Obtain any necessary permits or approvals from your local building department.

14. Timeline and Budget:

- Create a timeline for the project and establish a budget to track expenses.
